

ABOUT IIT BOMBAY

Indian Institute of Technology Bombay, the second IIT to be set up in 1958, is recognised worldwide as a leader in the field of engineering education and research. It is reputed for the quality of its faculty and the outstanding calibre of students graduating from its undergraduate and postgraduate programmes. The Institute has 15 academic departments, 30 centres, one school and five Interdisciplinary programmes. Over the last five decades, more than 50,000 engineers and scientists have graduated from the Institute. It is served by more than 602 faculty members considered not only amongst the best within the country, but also highly recognised in the world for achievements in the field of education and research. The Institute is recognized as one of the top centres of academic excellence in the country. Over the years, there has been rapid progress at IIT Bombay in both academic and research activities, with a parallel improvement in facilities and infrastructure to match with the best institutions in the world.
