IITMU/R/E/23/00199	11.07.2023	This is Mahesh Arjun Guthe (2022MEE2198), M.Tech Representative in Student Affairs Council (SAC) of IIT Delhi. I kindly request you to provide me with the following information regarding Teaching Assistantship criteria (If possible please provide official documentation) : 1) What are the SGPA and CGPA criteria for M.Tech/MS(R)/M.Des for availing full teaching assistantship (stipend)? Suppose the CGPA criteria are met but not the SGPA criteria, then do the students receive full assistantship/partial assistantship/no assistantship (by assistantship, we refer to the maximum amount of monthly stipend which can be availed)? Similarly, do the students receive full assistantship/partial assistantship/no assistantship if the SGPA criteria are met but not the CGPA criteria? If partial assistantship is received, then what is the amount or percentage of full assiantship which is received? 2) What are the SGPA and CGPA criteria for M.Tech/MS(R)/M.Des for availing full teaching assistantship (stipend) for students of reserved categories (OBC-NCL, SC, ST, Pwd)? For them, suppose the CGPA criteria are met but not the SGPA criteria, then do they receive full assistantship/partial assistantship/no assistantship (by assistantship, we refer to the maximum amount of monthly stipend which can be availed)? Similarly, do they receive full assistantship/partial assistantship/no assistantship if the SGPA criteria are met but not the CGPA criteria? If partial assistantship is received, then what is the amount or percentage of full assistantship which is received? 3) Suppose, if an M.Tech/MS(R)/M.Des does not receive stipend for n semesters due to failure in SGPA/CGPA/minimum attendance criteria and then the student succeeds in satisfying all criteria required to avail assistantship in a subsequent semester, then do the students receive full/partial/no arrears of the missed semesters? If partial arrears are received, then what is the amount or percentage of the full arrears which will be received? By assistantship, we refer to the maximum amount of monthly stipend which can be availed. 4) What are the attendance criteria for M.Tech/MS(R)/M.Des for availing full teaching assistantship (stipend)? Are there provisions of partial assistantship in case the attendance falls below the threshold for availing full assistantship? If so, then what are the different limits of attendance and the corresponding amounts or percentages of the full assistantship which can be received if the attendance does not fall below those limits? By assistantship, we refer to the maximum amount of monthly stipend which can be availed.	10.08.2023	1) Information is available on Public domain. IITMU/R/E/23/00291	01.11.2023	I was a postdoc as temporary staff at IIT Bombay from 02/2021 to 05/2023. Yearly, I received official leave with pay as per the IIT rules. After two years, I still have 43 days leave pending in my online IITB account. These leaves were not approved by PI (IITB) when I successively applied. Hence, I could not utilize my leaves officially. However, I consistently worked without any leave. In May 2023, I resigned and left the institute for another postdoc job. I do not believe that this is my mistake. Still, in the IITB employment account, I have registered 43 days of pending official leave without utilization. I want encashment, as my rightful leaves were not allowed to be consumed. I want to ask authorities why they did not reply to my emails about leave encashment. The IITB PIO office suggested the RTI website, and I am here for the ordinary support platform. I need my encashment of 43 days leave in terms of financial support. I uploaded the relevant proof and email conversations. Thank you Shatrudhan	20.11.2023	Under RTI, section 2 (f) clarification/inferences from CPIO do not conform. But for some obvious reasons, I could not get my satisfactory rank. But I have a dream for further higher study and research in the premier universities in India that is the IITs. I had started applying for the MSR programmes in the reputed universities and for Mtech in RA/TA catagory. Now it is to inform you that, except a very few cases, the cut off for GATE is not available for the said programs. Which is making me confused and also I am economically weak. 1	IITMU/R/E/23/00085	01.04.2023	The information regarding the names of the shortlisted candidates for the positions advertised under Admin-II/EXT183/2021 and Admin-II/EXT186/2021 was sought in RTI No. IITMU/R/E/23/00085. The information has been denied based on Section 8(1)(j) of the RTI Act, 2005 I would like to bring to your notice that IIT Bombay has published on its website (https://www.iitb.ac.in/en/announcements-walk-interview) the names of candidates shortlisted for the post of Deputy Registrar (screenshot enclosed). It is curious that the names of the shortlisted candidates for another position is published, without being considered as personal information the disclosure of which has no relationship to any public activity or interest, or which would cause unwarranted invasion of the privacy of the individual. Therefore, IIT Bombay is requested to avoid such double standard, and disclose the information sought in the RTI, consistent with it's past precedence.	08.05.2023	I have gone through an Appeal filed by Shri Manish Jinwala and reply given by CPIO on dated 30.03.2023. It is seen from the records that the CPIO has not furnished updated information to the appellant. Further CPIO is directed to furnish the updated information to the appellant within the 15 days from the date of this order. Appeal is thus, disposed of. 08.05.2023
2	IITMU/R/E/23/00033	09.04.2023	Provided Incomplete,Misleading or False Information, lease provide rest of the details	20.04.2023	I have gone through an Appeal filed by Shri Brahamjeet Pal. It is seen from the record that after receiving payment of additional charges, CPIO has furnished the information ie. 15 pages) to the appellant vide letter dt. 12.04.2023 by speed post. Hence, all relevant information has been provided by the CPIO to Appellant. Appeal is thus, disposed of.
3	IITMU/R/E/23/00066	01.04.2023	No response provided yet. A clear violation of the RTI Act.	15.05.2023	I have gone through the Appeal dt. 10.04.2023 filed by the Appellant Shri Rahul Kumar. It is observed that CPIO has not provided any information within time limit as requested by the Appellant vide his RTI Application Index No. IITMU/R/E/23/00066. dt. 10.04.2023. Appeal is therefore disposed off.
4	IITMU/R/E/23/00070	11.04.2023	It is noted that the disclosure of information sought in RTI No. IITMU/R/E/23/00070 has been denied based on Section 8 (1) (j) of the RTI Act, 2005. The following is stated in Section 8 (1) (j) of the RTI Act, 2005: Notwithstanding anything contained in this Act, there shall be no obligation to give any citizen, information which relates to personal information the disclosure of which has not relationship to any public activity or interest, or which would cause unwarranted invasion of the privacy of the individual unless the Central Public Information Officer or the State Public Information Officer or the appellate authority, as the case may be, is satisfied that the larger public interest justifies the disclosure of such information: Provided that the information, which cannot be denied to the Parliament or a State Legislature shall not be denied to any person. Section 8 (1) (j) of the RTI Act exempts the disclosure of personal information of individual(s) to avoid intrusion of privacy. In RTI No. IITMU/R/E/23/00070, the concerned public authority (IIT Bombay) was requested to share the copy of the Staff Standing Committee approval for the position notified under Admin-II/EXT183/2021, and this information does not pertain to any individual. Hence, the denial of the information based on Section 8 (1) (j) of the RTI Act, 2005 is incorrect. Being a public funded research organization, IIT Bombay is accountable to the public for its actions, and be transparent about the due diligence involved in the process of decision making. Therefore, the reasoning given to deny the disclosure of the requested information is invalid. I look forward to receiving the information sought in the said RTI.	08.05.2023	I have gone through an Appeal filed by Shri Manish Jinwala and reply given by CPIO on dated 03.04.2023. It is seen from the records that the CPIO has not furnished updated information to the appellant. Further CPIO is directed to furnish the updated information to the appellant within the 15 days from the date of this order. Appeal is thus, disposed of.

10	IITMU/R/T/23/00024	05.25.2023	I am writing to appeal against the decision of the Public Information Officer (PIO) dated on 09/05/2023. I had filed an RTI application Registration number IITMU/R/T/23/00024 on 11/04/2023, seeking the following information: I am requesting information under the Right to Information Act, 2005 regarding the GATE 2021 examination. I have come to the notice that a person has allegedly been appointed as a Technical Manager at Madhya Pradesh Road Development Corporation (MPRDC) Bhopal, through fake GATE score. So I would like to verify the authenticity of the GATE score of the person and would like the following information: 1. Confirmation of Appearance: Please confirm if Varun Siroliya with GATE Registration number CE21S23019409 was appeared for the GATE 2021 exam or not. 2. Rank Verification: Please provide me with the certified copy of the GATE 2021 rank and score of Varun Siroliya based on his registration number CE21S23019409 if he appeared for the exam. This information will help me to verify whether the person appointed for that post through genuine or fake GATE score. The PIO rejected my application on the following grounds: The public authority rejected my RTI application on the grounds that the information sought is exempted under Section 8(1)(d) of the Right to Information Act, 2005. Section 8(1) (d) of the RTI Act, which states that "Information including commercial confidence, trade secrets or intellectual property, the disclosure of which would harm the competitive position of a third party" is exempt from disclosure. I respectfully disagree with the PIO's decision. The information that I have requested is not commercial confidence, trade secrets or intellectual property. The information is about public money that has been spent by your organization. The disclosure of this information would not harm the competitive position of any third party. In fact, the disclosure of this information would be in the public interest. The public has a right to know how their money is being spent. The disclosure of this information would allow the public to hold your organization accountable for its spending. I therefore request you to kindly reconsider the PIO's decision and order the disclosure of the information that I have requested. Please find attached merit list, The merit list is an official document issued by MPRDC, The highlighted name of Varun Siroliya serves as an evidence and can be used as a supporting document for any verification process.	19.06.2023	I have gone through an Appeal filed by Shri Prashant Pawar and reply given by CPIO dated 09.05.2023. on Appellant's RTI Application No. IITMU/R/T/23/00024 dt. 11/04/2023. 13	IITMU/R/E/23/00145	07.06.2023	In RTI No. IITMU/R/E/23/00145, a copy of the application and CV/Resume submitted by the candidate selected under Admin-II/EXT183/2021 was sought from the CPIO, which has been denied under Section 8 (1) (j) of The Right to Information Act, 2005. Section 8 (1) (j) of the RTI Act, 2005 states the following: information which relates to personal information the disclosure of which has not relationship to any public activity or interest, or which would cause unwarranted invasion of the privacy of the individual unless the Central Public Information Officer or the State Public Information Officer or the appellate authority, as the case may be, is satisfied that the larger public interest justifies the disclosure of such information: Provided that the information, which cannot be denied to the Parliament or a State Legislature shall not be denied to any person. It is observed that in one of the CIC case of Shri Subir Sen Gupta Vs. IIT Kharagpur dated 18.07.2019, Decision No. CIC /IITKH/A/2018/612484/01129 and File No. CIC/IITKH/A/2018/612484 in the matter has held that the bio data and application forms submitted by the candidates qualify to be personal information therefore Central information Commission agrees with the contention of the CPIO that such information is purely in the nature of personal information. Hence no relief can be provided to the appellant on the application and resume / bio data/ Curriculum vitae submitted by the candidate. Therefore the CPIO has dealt with an RTI Application in a correct manner. Appeal is thus, disposed of.
14	IITMU/R/E/23/00147	14.07.2023	The information sought in the RTI has been refused as per Section 8 (1) (e) of the RTI Act, 2005. Section 8 (1) (e) of RTI Act, 2005 states the following: information available to a person in his fiduciary relationship, unless the competent authority is satisfied that the larger public interest warrants the disclosure of such information. The information sought in RTI No. IITMU/R/E/23/00147 relates to the selection committee report of the recruitment carried out under Admin-II/EXT183/2021. While the CPIO has denied the disclosure of the information under Section 8 (1) (e) of RTI Act, 2005, no clarity has been provided regarding the fiduciary relationship involved in this case, and how the disclosure of the information would result in breach of the same. The preamble of the RTI Act, 2005 enumerates that the citizens have the inherent right to access the information held by the public authorities, to further transparency and accountability. Hence, the reasons provided by the CPIO to deny the disclosure of the information sought in the RTI are not valid. In view of the above, I hereby request the First Appeal Authority to direct the CPIO to disclose the information sought in RTI No. IITMU/R/E/23/00147.	27.07.2023	I have gone through an Appeal filed by Shri Manish Jinwala and reply given by CPIO on dt. 14.06.2023. 22	IITMU/R/E/23/00251	21.09.2023	I have filed Right to Information (RTI) Application to the below mentioned PIO seeking information about placements and admissions in your IIT institute through the RTI online portal vide registration number IITMU/R/E/23/00251 The PIO replied to me on 15.9.2023 stating that the information sought is voluminous and not readily available. Further, the PIO also replied stating that information sought about placements is exempt under section 8 (j) of RTI Act. I submit that the above reply of PIO is in contravention to the letter and spirit of RTI Act. It is firstly submitted that the information about admission and placements has to be placed suo motu under section 4 (1) (b) of RTI Act on the website, annual reports, etc. of the institute. However, the same has not been done. Further, I have specifically mentioned in my Application that admission and placements data is not available in the format in the annual reports of institution in the format have sought in my application. I submit that PIOs reply that admission data is voluminous is totally erroneous. I have filed the same RTI other institutions which have provided me the data in the requested form and the same is below 20 pages. Hence, the information sought is not voluminous. Further, section 7(9) of RTI Act specifically states that information has to be provided in the format in which is sought. But, the same section has not been taken into consideration. I also submit that it is erroneous on part of PIO to quote section 8(j) RTI Act and not provide me even the placements data. As mentioned, the same information is made available both in Annual Reports and also through the RTI replies by other IIT institutions. Hence, it is not private information, but public information belonging to the institute. Hence, with the above grounds, Im filing the present appeal to direct the PIO to provide me complete information at the earliest. Im attaching the reply of IIT Jammu to my RTI for reference	02.11.2023	I have gone through an Appeal filed by Shri Suresh and reply given by CPIO dt. 15.09.2023. I have also gone through the various judgement passed by the CIC as well as various Court orders on the similar matters, and observed as follows :- " Educational records degrees and Marksheet can only be disclosed under RTI Act, 2005 if the requester can demonstrate a larger public interest. Section 8 (1) (j) of the RTI Act specifically prohibits the disclosure of personal information and the disclosure of Marksheets in the absence of public interest would constitute an invasion of privacy". While checking the status of the application I got to know that the application has been rejected u/s 8(1)(j). I am writing this email to let you know how a larger public interest lies on the sought after information in my RTI application. 1. There is a legal battle going on in Orissa High Court between some petitioners and State of Odisha regarding recruitment of Assistant Executive Engineers through valid GATE scores. 2. Since, a part of the case result depends on the authenticity of Miss Meerashree Suman's claim of her not appearing in the GATE 2021, 2022, 2023, therefore the information can not be categorized into unwarranted invasion of of the privacy of the individual. The denial of this information under section 8(i)(j) of the RTI Act is troubling, especially considering that the requested information pertains to a public recruitment process, which should ideally be transparent and accessible to all. It is crucial to uphold principles of transparency and accountability in such matters. I firmly believe that any information that can be provided to Members of Parliament (MP) and Members of Legislative Assembly (MLA) should also be made available to ordinary citizens upon request.
