Add-on of OIM Software

RFx No. 610001348 (Reference No. 1000031412)

Specifications of OIM Matrix Software

Allows users to simulate EBSD patterns based on the physics of dynamical diffraction of electrons. Simulated patterns can then be used for dictionary indexing, structure file optimization, and simulated background calculations. Includes Master Pattern Library with over 450 phases as well as one license for online and offline use.
